

Product: CRT MONITOR
Model: All Models
2002

Bulletin No.: MON02-015 (02-C/M-E0099)
Bulletin Date: December 5, 2002
ECN Date: December 5, 2002

SUBJECT: MDL Files List

Background: New models that need alignment with soft-jig 3.0B should use the attached MDL files. AQ, AP, AN, and CF are the latest chassis.

Cause:

Solution: Attached below are the .MDL files and on the pages following the model listing. The files can be used with either the original soft-jig Interface Board version 2.0 or new MTI-2031 DDC Manager.

...Click to Download the MTI-2031 DDC Manager...
Here are 2 formats
***.zip / *.exe**

If you do not Winzip or a program to unzip the file click on the *.exe and download to a Empty Directory on you computer.

Application Date: December 5, 2002
