

Technical Report

General

The molding die of the Casing CX has been changed to comply with other country's Safety standard.
 By the change, openings at the motor mounting part become smaller and new part code has been assigned.
 Please refer the figure below for the details.
 Old and new parts are interchangeable, and only new part will be supplied in the future.

Model

MODEL	DESTINATION	EFFECTIVE FROM
FU-21SE-S	SEEG	Running change
FU-21SE-A	SRH	
FU-21SE-TA	THAI-CITY	

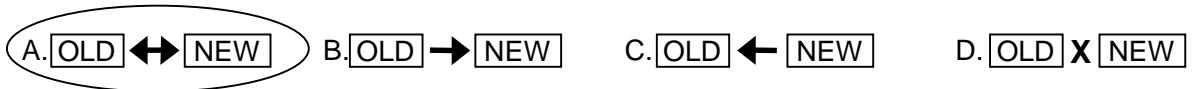

Reason

Commonize of parts with other models
